Designated Learning Institutions

To apply for a study permit on or after 1st June 2014, an international student will need to have a letter of acceptance from a **designated learning institution**.

Each province and territory in Canada is responsible for designating educational institutions at the post-secondary level that may enroll international students on or after 1st June 2014.

This list of designated learning institutions can be found on the below mentioned link.

<http://www.cic.gc.ca/english/study/study-institutions-list.asp>

If a study permit application is made on or after 1st June 2014 and the letter of acceptance is from an institution that is not designated for international students, the visa application will be refused.

Work Permit for students

Students are eligible to work part time on or off campus from day one.

Study permits will automatically authorize the holder to work on/off-campus for up to 20 hours per week during the academic session and full-time (i.e. 40 hours per week) during scheduled breaks without the need to apply for a separate work permit. The study permit holder should be pursuing an academic, vocational or professional training of six months or more that leads to a degree, diploma or certificate at a Designated Learning Institution.

Co-op & Internship Programmes : Many of the programs have inbuilt internships of one or two semesters which provide an opportunity for the student to get first hand exposure and experience in Industry relating to his or her area of study.

- Co-ops are for a semester or more and are mostly paid.
- Internships are for lesser time period i.e. 15 days to 30 days and may or may not be paid.

Post Study Work Visa

All international students who have graduated from a Canadian post-secondary institution are eligible for a Post Study Work Visa to gain valuable Canadian work experience.

To be eligible for a Post Study Work Visa, international students

- Should have **studied full-time for at least eight months** preceding the completion of their program and have graduated from a Designated Learning Institution.
- Must have completed and **passed the program of study** and received written notification that they are eligible to obtain their degree, diploma, or certificate.
- **Must apply for a post study work permit within 180 days** of receiving written confirmation by way of final marksheets from their academic institution.
- The Post Study Work Visa provides no restrictions on the type of employment and requirement of a job offer.

Post Study Work Visa

- If the program duration is **less than 8 months** -
Students are **not eligible** for a Post Study Work Visa.
- If the program duration is **more than 8 months but less than 2 years** -
Post Study Work Visa will be issued for **the same length as the study program**.
(For example, if student completed a 9-month program, a work permit may be issued for up to 9 months).
- If the program duration is **2 years or more** -
Post Study Work Visa will be issued **for 3 years**.
- If a student has completed **more than one program**, they may be able to get a **PSW that combines the length of both the programs**. For this, each of the programs they have completed must be -
Post Study Work Visa eligible and at least 8 months in length.

SDS - Student Direct Stream

Canada has launched the Student Direct Stream (SDS) program on 7th June 2018 which streamlines the process for Indian students to study at Universities and Colleges in Canada.

SDS Program Requirements:

Students applying for a program under SDS must meet the following eligibility criteria:

- Admission to a full-time program at a University, College, Institute or CEGEP which is a Designated Learning Institution.
- An IELTS score of 6 overall with a minimum band of 6 for each ability (Listening, Reading, Writing and Speaking) as well, taken within past two years.
- Purchase of a special Guaranteed Investment Certificate (GIC) of CAD\$ 10,000 to cover living expenses for the first year of stay in Canada.
- Proof of payment of the tuition fee for one (1) year.
- Upfront medical examination at least one week before submission of the visa application.
- All visa applications must be filed online electronically.

SDS- Student Direct Stream

Major advantages of applying under SDS:

- Streamlined visa process.
- Minimal financial documentation.
- Faster visa processing and outcomes with standard turn around time of 20 calendar days or less after submission of complete visa application and biometrics.

***Students not meeting the requirements of SDS may file their visa under General Category. Processing time for General Category visas range from 45 to 60 days.**

Scholarships

Scholarships in Canada are quite competitive as they are very limited in number as compared to scholarships offered by other countries like USA, UK or Australia. The eligibility for scholarships is judged on the basis of outstanding academic grades and exceptional English Proficiency scores. Scholarships are mostly offered by the universities without any separate application, based on the eligibility benchmarks but at some institutions the students need to apply specifically for the same. Scholarships are majorly offered at the entry level but for some scholarships the students are supposed to prove their excellence in academics in the subsequent years of education as well.

Points to remember for successful Offers and Visas

- **Do not apply for students who do not meet the IELTS criteria.** Minimum 6.0 with no band less than 6.0 for UG and overall 6.5 with no band less than 6.0 for PG.
- **Do not apply for students who have several failed courses, large gaps of 5 or more years** in studies (regardless of their work experience) and inconsistency in program choice with past studies. **Course choice must be relevant.**
- Good academics of the students: We have seen **higher rate of visa approvals for students having 60%** and above throughout their academic qualifications.
- Also we have noticed that if a student has **low academics** as well as a **gap of 2-5 years** after completion of last studies, the case is weak, and visa may be refused.

Do Universities or Colleges in Canada assist in Job Placements?

Most Institutions have :

- A Training and Placement Centre which helps the students in preparing their CV and for Interviews according to Canadian requirements.
- Many institutions conduct Job Fairs in which various local companies participate.
- It is quite likely that the students enrolled in a co-op program will get placed in their respective companies where they have done their co-op.

Sources of Finance

- Self funded / Parents / Grand Parents.
- Fixed Deposits / Government Provident Fund / Public Provident Fund / Funds in Savings Account.
- Loans from approved banks. Repayment commences upto one year after graduation or 6 months after securing a job whichever is earlier. The period for repayment also varies and may be upto 15 years.

Submitting a Winning Application

- Completed Application Form
- Academic Records
- Standardized Examination Scores
- Work Experience details if any
- Application Fees if applicable
- SOP and Recommendation Letters required for universities only.

Counseling Tips

- Identify the suitability of the profile for Canada.
- Do not accept students below 50% for Colleges and below 65% for Masters in the University.
- Do not accept students with long gaps and multiple backlogs.
- Check English Language ability.
- Tell students about Co-op work opportunities.
- Inform the student about the benefits of studying in Canada as compared to other countries.
- **Most Important – Talk about PR Opportunity, Part time work, full time job opportunities.**
- Talk about the lesser investment and higher gains.

Thanks
